

Chartered Financial Adviser £48,000 + £7,000 Car Allowance + Uncapped Bonus + Benefits

Join a Chartered Firm

Working for a firm of financial planners that has achieved Corporate Chartered status has many benefits. As a Chartered Financial Adviser, you will already be aware of the prestige this accreditation provides you.

Having already achieved Level 6, you will have experience of building long term relationships with your clients as well as a high degree of technical ability.

You will be looking for the kind of working environment through which you can thrive and offer clients the best kind of proposition and service.

You will be provided with the following:

- A supportive T&C and compliance regime
- Industry leading systems & IT.
- Independently constructed investment proposition
- Administration support
- Lead Generation
- Professional Introducer connections
- A generous validation a bonus model

If you are individually Chartered, come and work for a forward thinking Chartered firm.
